

Frequently Asked Questions

About your Prescription Club membership

Q. Does it cost anything to use the card?

- There is an annual enrollment fee of just \$10 per household. Your membership in the Prescription Club ensures that you and your family, including your pets, will receive savings on generic and brand name prescriptions.

Q. Who is entitled to use this Prescription Club discount card?

- Virtually everyone is eligible to participate in the Prescription Club discount program. There are no income restrictions. It doesn't matter whether you have insurance. You can save on the drugs you are currently using, right now.

Q. Can anyone in my family use this card?

- Yes. The Prescription Club discount card can be used on prescriptions for anyone in your household, including your pets!

Q. How do I use the card?

- Simply present your Prescription Club discount card at your pharmacy to receive your instant savings. It's that easy! Just show your card to the pharmacist each time you fill or refill a prescription. There is no paperwork to complete and no limit on usage.
 - **If you do not have health insurance**, use your Prescription Club card for any brand name or generic prescriptions you or your household members pay for out-of-pocket.
 - **If you have health insurance coverage**, use your Prescription Club card for any prescriptions that are not covered by insurance or for family members not covered by insurance.

Q. What medications does it cover?

- Use your card for all of your prescriptions – both brand name and generic. Only controlled substances are excluded from the program. Even human-equivalent pet medications are covered on the Prescription Club.

Q. Where can I use the card?

- You can use your Prescription Club discount card at any participating pharmacy across the nation. Take a look at the Participating Pharmacies list to find a location near you.

Q. How can I find out what drugs are available for a discount?

- Ask your pharmacist for a monthly generic formulary list when you visit the pharmacy to see what generic prescriptions are featured at a competitive flat rate. You can also view the list by visiting the Included Medications section.

Q. Can the Prescription Club discount card be used along with my prescription coverage plan?

- No. The program cannot be combined with any insurance. Prescriptions processed using the Prescription Club discount card will not count towards a customer's insurance deductible and cannot be used to discount a customer's co-pay.

DISCOUNT ONLY — NOT INSURANCE. This discount program is NOT a health insurance policy or a Medicare prescription drug plan and is not intended as a substitute for insurance. The program does not qualify as minimum creditable coverage under Massachusetts law. The program only provides for discounts on select prescription medications purchased from a participating pharmacy. The range of the discounts may vary depending on the pharmacy and the medication purchased. The program does not make payments to pharmacies. Members are required to pay for all health care services, but will receive a discount from contracted pharmacies. Prescriptions paid for in whole or in part by private or publicly funded health care programs, such as Medicare and Medicaid, are ineligible. Any prescriptions covered in whole or in part by private or publicly funded insurance will be processed through that insurance unless the patient specifically requests that the prescription be processed through the Prescription Club. There is no secondary coverage or coordination of benefits for prescriptions filled under the Prescription Club. Participating pharmacies are subject to change without notice and are not available in all areas. Discounts cannot be combined with any insurance. This program is administered by Medical Security Card Company, LLC (MSC), 4911 E. Broadway Boulevard, Tucson, AZ 85711, 800.700.3957, scriptsave.com and is marketed by Cardinal Health, Inc.
